Blewett Watershed - Geology

BLEWETT WATERSHED COMMITTEE

Columbia Basin trust

Legend

- Blewett Watershed
- City of Nelson Boundary
- Body of Water
- Aquifer
- Creek
- Peak
- Index Contour (200 m)
- Intermediate Contour (40 m)
- Community
- Groundwater Well
- Mine - active
- Mine - historic
- Fault

Road

- Paved
- Loose
- Rough
- Overgrown

Geology

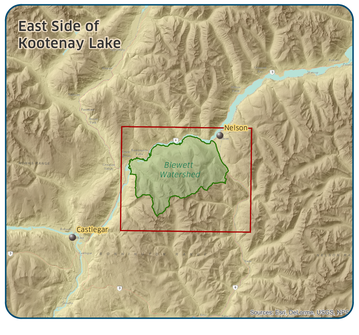

- Argillite, siltstone
- Argillite, siltstone, limestone
- Granodiorite
- K-spar granite
- Mafic volcanics
- Metadiorite, monzonite, monzodiorite, gabbro
- Monzonite, syenite, shonkinite
- Plagioclase porphyry
- Porphyritic granite, granodiorite, granite gneiss
- Porphyritic granite, granodiorite, monzonite
